

# Senior Housing Locator

POWERED BY  
**SNAP**forSeniors™

Objective. Convenient. Empowering.

The **SNAPforSeniors Senior Housing Locator** is an online resource providing the most current database of all licensed senior housing in the U.S. and a growing number of independent living communities.

**Implement the Senior Housing Locator on your website to:**

## **Attract more visitors**

Provide users an added-value service on your website: most complete senior housing resource available.

## **Increase user retention**

Keep those searching for senior housing from going elsewhere. The average user views 11.3 web pages per session.

## **Add quality content**

Add over 65,000 pages of content to your website without committing the time and resources necessary to maintain such an application.

## **Retain your branding**

Your branding and organizational information is featured on all pages and print outs.

## **Save money**

Licensing fees may be waived upon agreement to promotional and use considerations.

## Key Features

- Advanced search tools allow users to screen options by location, license type, facility name, availability status, care services and lifestyle amenities.
- Regular updates from over 200 data sources ensure that the SNAPforSeniors database provides the most current information available.
- Detailed facility listings are comprised of over 150 data elements.
- Many listings include professional photo galleries and virtual tours which allow users to “visit” a facility without ever leaving home.

*“SNAPforSeniors brings all senior housing providers into one user friendly database that can be easily accessed by chapter staff, volunteers and consumers.”*

-Nancy J. Dapper, Executive Director, Alzheimer’s Association of Western and Central Washington

Join the growing list of progressive organizations and companies who, as members of the Alliance Network, use SNAPforSeniors as their exclusive source for senior housing information.
